NJIT STEM Teacher Initiative for Graduate Certificates in Computing

New Jersey secondary STEM teachers (grades 7-12) have an opportunity to earn one of several graduate certificates in computing at **50% of the tuition cost** through a scholarship offered by NJIT.

Graduate certificates in areas of:

- Artificial Intelligence
- Computer Science
- Data Science
- Cybersecurity
- Information Systems

The program is in line with recent legislation by Governor Murphy to expand access to STEM education throughout the state by increasing the number of qualified STEM teachers. New Jersey Institute of Technology Ying Wu College of Computing Guttenberg Information Technologies Center (GITC)

New Jersey Institute of Technology

STEM Teacher Professional Development Initiative

Making a difference in the future of technology begins with **great teachers**.

NJIT Makes Them Even Better

Advantages

For STEM Teachers:

- Earn new credentials for salary increases and promotions
- Guaranteed scholarship 50% of tuition cost
- STEM Teachers may use tuition remission offered through their contracts to cover the remaining 50% tuition
- Flexible options for 100% online or on-campus learning
- Credits earned in a graduate certificate can be applied to a master's degree

For Schools:

- Transform your district
- Address curricular concerns about lack of [appropriate] computing courses
- Equip your STEM teachers with the knowledge to be leaders in the STEM field
- More students will be prepared for STEM degrees in college
- More students will take AP Computer Science exams

Why NJIT?

- Classes are taught by distinguished instructors who bring their leading industry innovations into the classroom
- Skills learned in class are designed to address the most pressing issues in technology NOW
- Truly flexible classes for busy lifestyles
